Purcellville, Virginia 20134

Dear Mr. and Mrs. Young:

This letter serves as notification that on Monday, June 13, 2011, the Loudoun County Historic District Review Committee (HDRC) approved CAAM 2011-0002 to amend your Certificate of Appropriateness (CAPP 2010-0018) for the construction of a new home and detached garage on the property identified as PIN # 491-20-1601 as submitted in your application received by the County on May 12, 2011. The conditions of approval from CAAM2011-0001 were incorporated into this approval:

1. The rear porch posts will be a minimum 8" x 8" post and not wrapped in stone;
2. The exterior (right elevation) stairs will have a heavy stringer and tread of mortise and tenon construction. The rail will have the same treatment if a rail is needed;
3. The front elevation will feature two goose neck light fixtures above the main entryway. All human entry doors will have side lights. No yard lighting will be used.

Please sign the enclosed amended Certificate of Appropriateness and return it to me in the envelope provided. I will obtain the necessary County signatures and return the Certificate to you for your files.

On behalf of the Committee, I want to thank you for working with the HDRC and County Staff on your plans and, again, to commend you on your effort and attention to detail in the design of your very unique home within the Goose Creek Historic District. I wish you all the best as you proceed with your project!

Sincerely,

Lauren E. Murphy
