Mike,

Thank you for the clarification on the information that we need to provide for the timeline extension requests.

Please consider this a timeline extension request for CMPT 2009-0009. We request an extension of the timeline until April 16, 2010.

Please consider this a timeline extension request for SPEX 2009-0030. We request an extension of the timeline until June 8, 2010.

Please let me know if you need anything further to process this request. I appreciate your assistance.
