Ginni- 12/17/09

I read over the letter for Discovery by Ben Wales and he made the changes I recommended in my conversations with him over the phone. This letter is acceptable for the traffic information we recommended. Consider it accepted for submittal with the application. Let me know if you have any questions.

Thanks, George

The letter is attached. Please get it back to by early tomorrow. The Board wants this application expedited and it actually needed to be accepted today. Thanks. G

Gin-

Just bring it up to me. I should be able to look at it tomorrow.

Thanks, George

Hey George,

Ben Wales mentioned that he forwarded you a letter regarding the above mentioned application. Can you do the checklist review as soon as possible and get that to me. This ap has been expedited by the BoS and we need to get it accepted as soon as possible (it needs to be to the BOSPH by March). Thanks.

G
