Dear Dr. Pittman:

The Regency HOA would like to thank you for proactively soliciting our input and feedback on your development project at the corner of Ashburn Village Parkway and Waxpool Road. We enjoyed meeting your team and found your presentation informative. Your project certainly is impressive. As you know, your project is adjacent to our community, and as such, we are certainly interested in both the facility and usage being good complimentary neighbors.

We understand that such a project has a long development timeline and feel comfortable with your commitment to continue our communication and opportunity for input. Certainly the groundwork has been laid for a corporative partnership to address concerns as they arise. As we stated, we will continue to be interested in lighting, traffic, and landscaping.

The Regency wants to particularly highlight your efforts to accelerate the installation of the traffic light at the intersection of Waxpool Road and Ashburn Village Parkway. This effort directly addresses a safety risk and demonstrates your desire to improve the community.

To reiterate our position – we support your project as described to us and believe that your organization will be good neighbors. The Regency looks forward to a long and close neighborly relationship with Temple Baptist Church.

Thank you again for your time and feel free to use this letter as evidence of our support for your project.
